## local

The German Society for Seabuckthorn and Wild Fruits "Sanddorn e.V." was founded in 2000 in Berlin/Germany by scientists and entrepreneurs, interested in research on seabuckthorn and its potential economic development. During the Delhi Workshop on Seabuckthorn 2001 the "Sanddorn e.V." became one of the co-founders of the International Seabuckthorn Association (I.S.A.). Together with the biggest Berlin universities and the government of Brandenburg the society became the proud organizer of the 1st I.S.A.-Conference in Berlin in 2003 and the 6th I.S.A.-Conference in 2013.

Sanddorn e.V. organizes regularly meetings and excursions to plantation facilities, universities, production sites and provides an email-infoservice and a website newsletter for the members and homepage-guests, an infoservice about current literature, published by members of the society, an announcement service via website about vacant resources, job opportunities and general topics related to seabuckthorn and wild fruits and a public list of members who can be contacted (via website).

## european

Since 2010 the German Society for Seabuckthorn and Wild Fruits "Sanddorn e.V." organizes every alternative year and in cooperation with their colleagues all over Europe the European Workshop on Seabuckthorn "EuroWorks" ©. Following the goal to intensify the cooperation in research about and processing of seabuckthorn within Europe this scientific event takes place at alternating venues. Starting with the 1st workshop in Potsdam/Germany 2010 and bringing together more than 100 supporters of seabuckthorn the next meeting will be in Vilnius/Lithuania in 2012. Find more information about our program and registration on our website.

## international

The German Seabuckthorn Society is not a German-only-organization! We are proud to have a total of about 60 members from all over the world, e.g. Argentina, Canada, Denmark, Finland, France, Germany, Greece, Japan, Latvia, Poland, Switzerland and the United States of America. This is an impressive expression of the successful development of a society, which operates truly internationally.

Sanddorn e.V. organized the first I.S.A.-Conference 2003 in Berlin and - after a successful application - it has been assigned to organize the 6th I.S.A.-Conference 2013 in Potsdam. Find more information about our program and registration on our website.
